Self-contained emergency exit light with 1 h super capacitor and wireless central monitoring

The ESC 90 is an emergency exit light that combines cutting-edge technology with modern lighting design. Thanks to high-quality electronics, optics and mechanical design, the luminaire has uniformly illuminated pictograms and low power consumption.

Changing the pictograms is easy, and the plastic sheet slides easily into place. The ESC 90 exit light is easy to install on the ceiling or a wall. It can be used 1 or 2 sided, with either recess or surface mounting. The ESC 90 is particularly easy and fast to install thanks to the separate mounting piece, which the power supply is also connected to.
