

SAFE 29 EMERGENCY LIGHT TWT2924

24 V centrally supplied emergency light

Safe 29 is suited for demanding environmental conditions. It has a plastic frame, and combines functional design with a high protection rating. For emergency lighting applications, an 18 W model is also available. It allows a higher mounting height. The double insulated construction material is of shock-resistant plastic. Safe 29 is available with either a long-life LEDs, or a fluorescent lamp. The luminaires in the Safe 29 product line are suited for interior and exterior applications.

Thanks to the improved LED technology, the new ESCAP models are now available, offering longer mounting distance for both open area (TWS2992WAC) and escape routes (TWS2992WAB). With these new ESCAP models, also 4 m mounting height is now possible.
